

WT-5210 Dirt repellent space marking

PRODUCT AND APPLICATION DESCRIPTION

Durable, long-lasting, self-adhesive space marker. Ideal for dry areas, quick to apply, wear resistant, easy to clean and can be driven on immediately. WT-5210 is extra thin and tear resistant. It is particularly suitable for marking storage spaces in hygiene, food and cleanroom areas.

- | For smooth floors indoors
- | Pedestrian and lift truck compatible
- | Suitable for concrete screed smooth, EP / Pu / MMA coatings and tile

TECHNICAL DATA

Material:	PET
Thickness: (without Liner)	0,2 mm
Liner:	Silicone paper
Surface:	Glossy
Adhesive:	Acrylic
Adhesive property:	Permanent or removable
Temperature range:	-20 °C to +120 °C
Processing temperature:	≥12 °C
Available colors:	Single color, multicolor, custom printed

FURTHER INFORMATION

It is possible to drive over the belt with floor conveyors. Turning and twisting on the tape with floor conveyors or similar heavy vehicles must be avoided and can lead to the destruction of the tape.

To achieve optimum adhesion, the substrate must be free of release agents such as grease, oil, surfactants, dirt and dust. Store in a dry and UV-protected place at 10°C to 25°C.

Note

The product information listed above has been compiled to the best of our knowledge and is based on current data. The properties mentioned are typical but therefore do not constitute a specification. The information provided does not relieve the customer of his obligation to test for suitability for the intended applications and processes. All specifications are subject to change without notice. Colour variations are possible.
