

## WT-6000 Drive-over floor marking tape

### PRODUCT AND APPLICATION DESCRIPTION

Hard-wearing, durable, self-adhesive steel floor marking tape. Ideal for dry areas, quick to apply, extremely wear-resistant, easy to clean, can be driven over immediately and replaces marking with paint. The tape offers extremely high resistance to permanent loads and has a dirt-resistant surface.

- | For smooth indoor floors
- | Suitable for pedestrians, pallet trucks and forklifts
- | Suitable for concrete screed smooth and EP / PU / MMA coatings

### TECHNICAL DATA

Material:	Metal
Thickness: (without Liner)	0.6 mm ±0.1 mm
Liner:	Silicon paper
Surface:	Glossy
Adhesive:	Acrylic
Adhesive property:	Permanent
Temperature resistance:	-20 °C to +70 °C
Application temperature:	≥12 °C
Available colours:	Yellow, red, blue, green, grey, white, black

### MORE INFORMATION

It is possible to drive over the belt with floor conveyors. Turning and twisting on the tape with floor conveyors or similar heavy vehicles must be avoided and can lead to the destruction of the tape. To achieve optimum adhesion, the substrate must be free of release agents such as grease, oil, surfactants, dirt and dust. Store in a dry and UV-protected place at 10°C to 25°C.

#### Note

The product information listed above has been compiled to the best of our knowledge and is based on current data. The properties mentioned are typical but therefore do not constitute a specification. The information provided does not relieve the customer of his obligation to test for suitability for the intended applications and processes. All specifications are subject to change without notice. Colour variations are possible.
